KLCBT requests input on badly maintained roads in the district

One of the eight advocacies of the KLCBT is to follow up on maintenance plans of bad roads in the Ehlanzeni district, to ensure as far as possible, that maintenance / upgrade plans for these roads are in place, and work is done on time, and within specifications. The KLCBT can also play a role to assist government to unblock certain stumbling blocks or to introduce new engineering solutions for certain ongoing problems.

The Sub-Committee for "Roads" is requesting information from the members to provide information about all these roads which need urgent attention. Please mention the road number, with specific mention of which portion is bad (if not the entire road), with a picture or two, if available.

The KLCBT will compile a complete list, find out which departments / municipalities / entity is responsible for that section of road and initiate communication to obtain information on plans on those roads.

SAICA & KLCBT to host member to member business networking day

THE SOUTH AFRICAN INSTITUTE
OF CHARTERED ACCOUNTANTS

For the first time, these two prominent organisations will co-host a jam-packed networking day for their members on 27 September 2016.

It will start with a ladies' breakfast in the morning at Protea Hotel Nelspruit, followed by a golf day and finally an evening networking dinner—both at the Matumi Golf Club in Nelspruit. Members and non-members are welcome and can register for any one or all of the events.

It is super-affordable to attend, so do not miss this incredible opportunity.
