KLCBT apologises for inconvenience as a result of connectivity problems

Due to a lightning storm last Saturday, literally every piece of electrical equipment inside the KLCBT building was down when we opened for business on Monday morning.

We only had working telephone lines by Wednesday and internet late Wednesday afternoon. At this point we are still waiting for some printers, the copier and all of the credit card machines. The internet is also painfully slow due to damage on the telephone lines.

We would like to sincerely thank all our wonderful service providers who performed miracles to get us back on line, Pronto Computers, Nelspruit Communications, Hi-Tech, CoolPoint, Gijima, NedBank, XLink and Ricoh.

Please be patient if we have not responded to your e-mails yet, we have hundreds in our mail boxes. Updates on our website can only be done from today.
